Procedure for Transition Membership

- a. Members have the option of a 60-day transition period when transferring from one chapter to another. The transition period begins upon receipt of the "Request for Transition Membership Status" form at International Headquarters. This may be submitted by either the chapter or the member.
  
- b. A member in transition relinquishes all chorus privileges, but she may compete in a quartet, serve on her Regional board of directors or on the International Board of Directors, hold Regional or International office, or serve in a committee position.
  
- c. A member in transition is required to pay the Regional assessment if it becomes due during transition. If she moves to another Region she may have to pay the assessment for that Region as well, even if she has already paid it in another Region. Payment of all applicable Regional assessments is necessary to be in good standing and eligible to compete.
  
- d. If a member in transition wants to return to her former chorus during the 60-day period, she does not have to pay the International per capita fee again. However, she must comply with the chorus' admittance procedures and pay dues as specified in the chorus standing rules. **THE CHORUS MUST NOTIFY HEADQUARTERS IN WRITING OF THE MEMBER'S RETURN.**
  
- e. If, after 60 days, a member has not transferred her membership to a chapter or to Chapter-at-Large, she forfeits her membership in the Organization.

Any person who has resigned from a chapter without submitting the "Request for Transition Membership Status" form is not eligible to transfer to another chapter later, since she is no longer a member of Sweet Adelines International.
